Texas Panhandle Centers (TPC) is a locally controlled non-profit organization that serves adults and youth with severe mental illness, intellectual and developmental disabilities, and children from birth to three years of age who experience developmental delays.

TPC was formed when two organizations that both began providing services in 1966 (Texas Panhandle Mental Health Authority and the Amarillo State Center) combined in 2000. At the heart of TPC's work is our mission:

*Mission: To respond to the behavioral and developmental health needs of individuals by creating an accessible system of care that supports individual choice and results in lives of dignity and independence.*

## VISION

Our mission, in turn, serves as the cornerstone to fulfill our vision of **Making Lives Better**. Texas Panhandle Centers provides services and supports with the shared goal of improving the quality of life for each person we serve.

Supported by  
Pampa United Way, Inc.

## SERVICES

Texas Panhandle Centers offers behavioral and developmental health services through programs that include, but are not limited to:

- **Tele-health**
- **Mobile Crisis Outreach Team**
- **Respite & Recovery**
- **Peer Support Services**
- **Psychiatric Services**
- **Substance Abuse Services**
- **Services to At Risk Youth (STAR)**

TPC strives to serve clients and families in their own community. The Pampa Regional Clinic serves residents of Gray, Roberts, and Wheeler Counties.

## HELPING PEOPLE

Texas Panhandle Centers is there for people when they face their most difficult challenges. TPC links individuals to resources that provide an opportunity for clients and families to succeed.

*The Texas Panhandle Centers service area includes the upper twenty-one counties of the Texas Panhandle and covers over 21,000 square miles.*

## EXCELLENCE IN CARE

The volunteers, staff and Board of Trustees (who come from across the Texas Panhandle) are dedicated to assisting those we serve reach their maximum potential. Quality, experience and innovation are vital to our work and at the heart of what we do every day. Of equal importance is the education and advocacy we provide to reduce stigma so that people freely seek treatment when needed.

## COMMITTED

Experience makes our community center the provider of choice. Our broad service array is accessible to eligible individuals identified as having a target condition that meets guidelines for community centers. TPC uses meticulous assessment methods to establish eligibility and identify needs on an individual basis.
