Streamline SmartCare Electronic Health Record Implementation

Roger Speight, Director, Professional Services

In October of 2024, TPC purchased the Streamline SmartCare Electronic Health Record (EHR). TPC's purchase was based on a review of several vendor responses to our Request for Proposal (RFP) that contained over six hundred requirements. In addition to analyzing RFP responses, TPC staff attended demonstrations of the two finalist EHRs and provided feedback.

TPC's RFP focused on ensuring that we receive key software capabilities along with the necessary Texas-specific functionality. This Texas-specific functionality is particularly important for us due to the significant amount of Texas-specific information we're required to collect and report to our wide variety of funding sources. SmartCare is currently used by nineteen Texas Community MH/IDD Centers and several of these Centers have been using the software for over ten years.

SmartCare's wide use by Texas MH/IDD Centers helps assure us that our Texas-specific needs will be met. With such a large group of MH/IDD Centers using SmartCare, we are able to minimize future costs of desired software enhancements by sharing these costs with a large group of Centers. In addition, there are excellent opportunities to share SmartCare know-how and best practices with a variety of different MH/IDD Centers.

TPC's SmartCare implementation began in early 2025 and we are scheduled to "go live" on December 1, 2025. There is much to do prior to this "go live". We've built a TPC project team that is comprised of staff from our various program areas. Our team has participated in detailed demonstrations of SmartCare that help us decide how to configure SmartCare to meet our specific needs. This configuration involves defining

our organizational and clinical structure in the EHR through lists such as programs, services, staff, assessment structure, and recovery plan definitions.

TPC's team has been meeting with Streamline every week to

learn additional details about the SmartCare modules to assist in our configuration. These weekly meetings will continue for the next several months to provide time to review and configure the pertinent details of SmartCare's extensive capabilities.

As we get closer to our SmartCare "go live", we'll be training TPC "Super Users" who will then be training the remaining TPC staff on SmartCare usage.

Stay tuned for additional details as our SmartCare implementation continues!

Board of Trustees

On May 29th at the regular meeting of the Board of Trustees, Larry Adams, Trustee, was recognized for 20 years as a Board of Trustee Member.

Larry was appointed to the Board by the Potter County Commission in April of 2005. Immediately following he was appointed to the Personnel Committee of the Board and soon after as Chair of the Personnel Committee.

Larry serves as the Texas Council of Community Centers Board of Directors representing Texas Panhandle Centers at the state level. He serves as Secretary on that Board. Larry was presented with a crystal award and recognized for his service and leadership.

The TPC Board and staff also recognized the Mary E. Bivins Foundation Board of Directors with a reception and tour of the facility.

Special Olympics Track Meet

Elvire Sanders-Blakemore, Developmental Health Director

Boys Ranch hosted this year's Special Olympics track meet on Saturday, May 31, 2025. This event ranged from meter walks and runs; a relay; softball throws; shot puts; and standing and running long jumps.

The weather was hot and clear with very little wind, unlike most track meets. Participants had fun and everyone earned at least one medal.

Baby News!

Congratulations to Maria Tarango, Borger Behavioral Health, on her first grandbaby! Baby Elias made quite the entrance on Friday, May 23rd. He arrived at the exact same time as her other daughter was graduating high school. Elias weighed at 8lbs 1oz and was 20 1/2" long. Mom, Dad and Baby are all doing great.

Congratulations on the new grandbaby and the graduate!

Teresa Mendoza, Administrative Tech, Developmental Health, answered last month's questions correctly and was randomly selected to win a \$25 gift card.

To claim your card, contact Joyce Lopez-Enevoldsen at 806.351.3308 or email: joyce.lopez@txpan.org.

FROM HUMAN RESOURCES...

Open Enrollment for Group Health Benefits will occur **Monday, July 21 — Friday, July 25**. This is the one time during the year where you may make changes to your benefits without a life event. Please mark your calendars and be sure you use this time to make any changes as well as review dependents and beneficiaries.

Important! Current benefits will **NOT** carry over so it is important that you complete enrollment during this time. Watch your email for more information.

WHITE HAT AWARD

The IDD Service Coordination Department is presenting the White Hat Award to the IDD Nursing Department: **Tabitha Hoadley, Kassady Dodson, Jesse Neel and Kayla Fuller**. They are always willing to answer any questions and provide helpful information. They work hard to ensure clients have needed medical care, medication and adaptive aids. Thank you for all you do!

New Recovery Plan and Process Change

Our new recovery plan and process change went into effect on June 2nd. Please refer to your email and/or ADP for updated recovery plan document. Moving forward the 122 code will be used for the ANSA and Recovery Plan development. After intake conducts the initial assessment, the ANSA becomes the only assessment needed for recovery plan updates. So Goodbye Uniform Assessment!

Thank you for providing your feedback and working through these changes. Keep the questions coming and QM staff will continue to be available along with supervisors for assistance. Please watch your email and refer to your supervisor for any additional changes to come.

If you have a question/scenario that you would like to be considered for inclusion in the newsletter, email the information to [Compliance Corner@txpan.org](mailto:ComplianceCorner@txpan.org).
